

## Newsletter: 19th October 2018

*Achieving More Together as God's Children*

### Headteacher News

**We are delighted to announce that we have purchased a Defibrillator to be held within school.**

Sudden cardiac arrest (SCA) can effect anyone at any age. By using the Defibrillator within 3 - 5 minutes increases survival chances from 6% with normal CPR to 74%, and If used within 60 seconds, survival chances increase to 90%.

Staff have been trained on how to use the machine which will be held in the Medical Office within school. We are one of a few schools within the area who now have this life-changing facility.

Please share this knowledge with friends and family and the local community.

We recently celebrated the outstanding achievement of 11 of our pupils who reached 100% attendance for the last academic year. Parents and Carers were invited to attend the assembly where the children were awarded with a personally engraved diamond-shaped trophy.
